Mount Jubilee Ministries and Rockingham Community College's "Career College" program are pleased to collaborate for this event to provide information to our community about resources available to our teen and adult friends with intellectual and developmental disabilities.

Over twenty centuries ago a mother gave this advice to her son, a king: **Speak up for those who cannot speak for themselves; ensure justice for those being crushed. Yes, speak up for the poor and helpless, and see that they get justice.** This advice rings clear today, as we see our beloved children growing into the age of adulthood. Decisions MUST be made. Guardianship, estate planning and post high school activities for your children are three of the greatest responsibilities you MUST embrace. Join us on April 10th for free, expert counsel to ensure your peace of mind and enable your children to move into adulthood prepared.

About Mount Jubilee Ministries

Mount Jubilee Ministries was established in 2005 in response to a defined interest to provide a residential summer camp for youth within the special needs population in the Piedmont Triad area of North Carolina. Due to the passionate commitment of the core group of faith-based founders, Camp Jubilee hosted its first week of camp in the summer of 2005 with five campers and six volunteers. Over the years, more than seventy Special Friends ranging in ages from 10 to 44, have participated in this exceptional summer camp experience.

MJM's core belief is that ALL people, regardless of their ability, have a God-ordained purpose and call for their lives. It is the conviction of the ministry that these Special Friends must have the opportunity to participate as members of society, without exception, to the fullest of their abilities. As the ministry has grown older, so have our friends. It has now become the intent of MJM to partner with this special population by offering more than just a summer camp. It is our focus to begin expanding our program opportunities to include day programming, volunteer opportunities and respite care. The long range vision of MJM is a sustainable residential community for Special Friends.

About the Career College program at Rockingham Community College

The Career College program at RCC is a one-semester certificate program. It provides a foundation for entering a career or for taking additional classes to learn more. Students enjoy hands-on study of a specific career skill, but they also further develop their reading, math, and computer skills.

Employability skills are also taught and include Resume Writing and Interviewing Skills, preparation for the Career Readiness Certificate (Work Keys testing), and Soft Skills such as punctuality and dependability.

Any adult age 18 or older is eligible for the Career College program. However, adults with intellectual and developmental disabilities are strongly encouraged to apply and may be referred by High School Exceptional Children's Teachers, Transition Coordinators, Vocational Rehabilitation Counselors, or other similar sources.

Classes are held Monday-Thursday from 9 am-5 pm. During the Spring 2018 semester, students were offered two specific skills tracks for their afternoon: Greenhouse - Nursery Assistant and Customer Service. For more information please visit www.rockinghamcc.edu/career-college
